

Searching for a Test for Depression:

Blood Tests, Brain Scans and Self-Screening

A FREE health talk in WINDSOR for patients, families,
staff, and community members

Wednesday, April 27, 2016 - 6:30pm-8:30pm

**DISTINGUISHED
SPEAKER SERIES**

Dr. Sagar Parikh, Professor of Psychiatry at both the University of Toronto and the University of Michigan, Ann Arbor, will talk about a groundbreaking new study aimed at shortening the time between depression diagnosis and getting the right treatment.

Ms. Crystal Terron, member of the Patient Family Advisory Committee for the CAN-BIND depression program will talk about her own personal journey of recovery and how it has shaped her present life and positive outlook.

Location: The Serbian Center, Kosovo Room, 6770 Tecumseh Rd E, Windsor

Sponsors: The CAN-BIND Study; Mood Disorders Association of Ontario; Funded by Ontario Trillium Foundation
